Competencies Summary

A review of the JMB framework of competencies for Principal and for Deputy Principals was commenced in November 2018 in the light of feedback from members of selection committees, Principals, Chairpersons of Boards of Management, Trustees representatives and the Department of Education & Skills.

During this review it was decided to redefine four of the six competencies to more explicitly include the four domains identified in the Department of Education and Skills published document, *LOOKING AT OUR SCHOOL 2016: A Quality Framework for Post-Primary Schools (LAOS)*. This document identified two key areas or dimensions of the work of a school, namely, Teaching and Learning, and Leadership and Management. Within the dimension, Leadership and Management, which is the dimension most relevant in the recruitment of Principals and Deputy Principals, four domains are identified:

Domain 1: Leading Learning and Teaching

Domain 2: Managing the Organisation

Domain 3: Leading School Development

Domain 4: Developing Leadership Capacity

The document goes on to identify *standards* under each domain, each with a set of *statements of effective practice* and *statements of highly effective practice*.

The JMB review group drew on three strands: the previous collaborative work with Principals, Deputy Principals, Chairpersons of Boards of Management and representatives of Trustees that identified the original framework; the aforementioned feedback from selection committees; and, the DES publication *LOOKING AT OUR SCHOOL 2016: A Quality Framework for Post-Primary Schools (LAOS)*.

The review group identified the following key competencies, which include the domains from LAOS, as being essential for the effective performance of the role and function of a Principal in a faith school:
